How to search

My LSBU > Library & Academic > Library
Searching for Journal Articles

Ways of searching:

• By citation - journals tab
• By keyword / topic searching or by article title – Discovery Tool
• By keyword / topic searching - journal databases

Citation searching:
Searching Tips

• Use the Journals Tab to check if we have a subscription to a specific journal
• Use our Discovery Service to search large collections of journal articles at the same time
• Use the link on your LibGuides page to search individual journal databases like Science Direct

Search Connectors

• Use “quotation marks” around a term to search for words next to each other.
  • e.g. “food industry” or “pop-up retail” or “street food”

• Use **AND** to focus your search (this will give you fewer results)
  • e.g. patisserie **AND** “small business”

• Use **NOT** to exclude a keyword (this will give you fewer results)
  • e.g. “chocolate cakes” **NOT** almonds
Building your Search Strategy
Search Connectors

• Use **OR** to broaden your search (this will give you more relevant results)
  • e.g. “gluten free” **OR** “wheat free” **OR** “paleo diet”

• Truncation - use an asterisk * to find multiple word endings
  • e.g. manufact* will find manufacturer, manufacturing, manufacture, manufactured, etc.
Example Question

• What recent trends have been popular in chocolate confectionary in the UK?
Example Question

• What recent trends have been popular in chocolate confectionary in the UK?
### Search Strategy
