London South Bank University
Database searching

Search Tips

• Truncation * e.g. manag* will find manage, managing, management etc.

• Phrase searching “” e.g. “older adult”

OR for alternative terms (synonyms) e.g. “older adult” OR elderly -> increases the number of results

AND to connect words with different meanings, e.g. elderly AND diabetes -> decreases the number of results

In Evidence Based Practice, you critically analyse research to evaluate the design of a study and its findings. These tools are used to help you to systematically work through different kinds of research papers step-by-step, assessing their quality and results.

- CASP Critical Appraisal Checklists
- McMaster’s Research Evaluation Practice Tools

Helpful Links for Critical Appraisal

- The BMJ - How To Read A Paper
  Articles in the BMJ that explain how to read and interpret different kinds of research papers.
